

Partner Requirements

SNOman Partner Network. Every partner completes these before we consider them. No exceptions.

Partner Vetting Checklist

- 1 Three references from franchise clients in the last 2 years
- 2 License and insurance confirmed (where your role requires them)
- 3 Typical timelines and fees in writing
- 4 Agree to give status updates within 2 business days when asked
- 5 Sign a short referral understanding: no fees paid to SNOman, client data kept confidential
- 6 Complete one trial deal before being listed as a preferred partner

How we work with partners

- You contract with and are paid directly by the franchisee or the brand, never through SNOman.
- SNOman takes no referral fees, kickbacks or revenue share from any partner.
- Client data stays confidential.
- Franchisees and brands are always free to use their own providers.
- Being listed is not a guarantee of work. We introduce partners based on fit, market and track record.
- SBA note: if anyone is ever paid for helping a borrower get an SBA loan, the SBA requires that fee to be disclosed on Form 159. Because SNOman takes no lender fees, there is nothing to disclose on our side.
